

Accessing LIFE Continued...

Unfortunately, this was the case when we recently heard from an area volunteer that a family that attended the East Tennessee outreach was in crisis. Their daughter was in a coma and barely hanging on to LIFE.

Even in this difficult time they were remembering the

incredible day they had together as a family and thanking God for it. From the series of God moments and divine appointments that connected them to Access-Life to the wonderful volunteers who shared the day with them, it is clear God was working behind the scenes all the time.

Since then we and many area volunteers have had the privilege of surrounding the family in prayer. The vision of local churches and believers in the area extending their service to those living with disabilities beyond the Expo is being seen as folks on our volunteer team are reaching out to be the hands and feet of Jesus to this family as they walk this difficult road.

God is always working even when it isn't evident to us in tangible ways. However, when God allows us a glimpse into His plan and how He is weaving things together because of the love He has for each person, we are truly humbled by His faithfulness and compassion as well as His graciousness in hearing and answering our prayers!

Ultimately, our prayer is that God will take the seeds planted at each ministry activity and water and grow them in the hearts and minds of everyone who experiences an Access-Life Expo so that they can have and know the abundant LIFE that only comes from our Lord and Savior, Jesus Christ. ☺
