

Hey, She Knows My Name!

We are privileged to hear so many great "God moments" from each Expo that encourage, inspire and uplift us to keep on doing what we do. It may be about a family making a support connection, a participant tasting their 1st snow cone, a volunteer blessed by serving our even a bystander touched by what they witnessed.

Each one is special in its own way. However, sometime we hear testimonies or even just simple stories of things that happen during an Expo that give us a small glimpse of how really important everything we do and say can be to those who come to each outreach.

Recently, a volunteer who helped at registration, shared about a participant who marveled at the fact that she called him by name when handing him a goody bag. She did this to many, if not most of those who came through the line that day as they all had name tags identifying themselves. However, this one gentleman commented on the fact that she knew his name several times and even conveyed his astonishment to his caregiver. What a blessing this seemingly small gesture was to him!

God knows not only the name but the heart of each of the individuals and family members who attend each

event. He knows their struggles, desires, needs and dreams. He also longs for them to know Him if they do not already and to come meet every one of their needs.

Now, God certainly does not need our help to accomplish what He wants done but He does give us the honor of joining Him in His work. It is the easiest work as He empowers us to do what needs to be done and it is the most rewarding work as He blesses those who serve with joy. It is not complicated either and can be as simple as calling someone by their name.

CALLING ALL INTERNS!

Interested in learning more about the ins and outs of disability ministry, Christian event management and non-profit development?

We are looking for folks to fill intern positions at each Expo venue in 2014. These are local opportunities within each event area to be the hands and feet of the ministry helping put together an outreach for individuals and families living with disabilities. These openings are currently not for pay but we will work with applicable schools to ensure credit where possible.

If interested in applying, call (214) 893-9056
