

# Glimpses of Goodness and Mercy Continued...

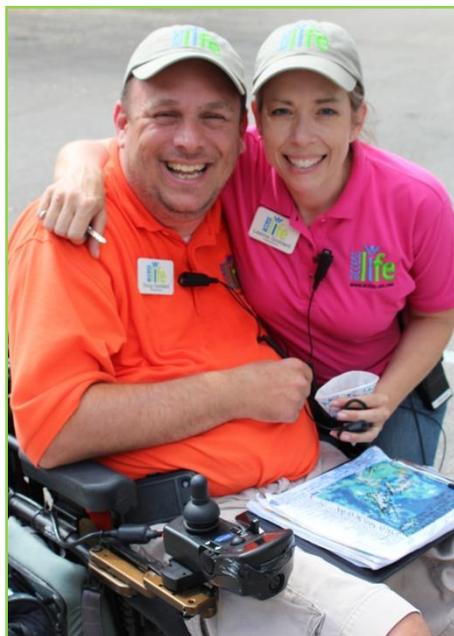

Later that same day, I was rolling around checking on folks at various activities when I spotted a small group of teenage girls sitting around a table with the participant they had been paired

with earlier at the entrance welcome. One volunteer and the participant were huddling over something that particularly caught my interest, so I stopped to get a better view of the situation. From a few yards back this moment began to unfold like a video clip as I saw it was the Bible from a goody bag on which they were so intently focused. The young girl had it opened and was reading it to her buddy as she watched and listened with a peaceful look on her face. Wow, God working through the hearts and minds of His people doing such big things in such simple ways!

All in all, both of these experiences I'm sure were just two of many God moments that took place at both of the Expo outreaches in South Florida of which I am not even aware. This fact makes what I witnessed even more encouraging as I can only imagine what greater things God did those two days.

If you have been to an Expo and have a personal testimony or story to share of something wonderful God did there, please let us know. We'd love to hear from you. You can email me at [doug@access-life.org](mailto:doug@access-life.org) or Leanne at [leanne@access-life.org](mailto:leanne@access-life.org).

If you have never been able to join us at an Expo, checkout our 2014 schedule to the right. We'd love to have you come out to one in the future as a volunteer or participate if you are an individual or family living with disability. From the Gospel being shared with many for the first time to folks experiencing activities they never thought they would do, I think you'll be amazed at what you will see. ☺

**Are you interested in getting involved in disability ministry within your community?**

Checkout [www.access-life.org/OUTPOST](http://www.access-life.org/OUTPOST) to see if there is a Outpost near you!

Simply put, an Access-Life Outpost is a group of volunteers in an Expo area that serve individuals and families affected by disability locally according to the direction and guidelines of the ministry bylaws, statement of faith and leadership. The focus of each Outpost is to facilitate year round ministry within their area.
